Specialized Contractor For  
Mechanical, Electrical & Plumbing Works

**MEP Solutions Pvt. Ltd** is a contracting firm providing end to end solutions for Mechanical, Electrical and Plumbing works. Incorporated in July 2009, as a Private Limited company, we are a sister firm of IZHAR Construction Pvt. Ltd (ICPL) under the umbrella of IZHAR Group of Companies.

**IZHAR** is one of the leading construction groups of Pakistan having rich history of more than 50 years. With its broad experience and high standards of performance in numerous major construction projects of various types, IZHAR has earned an outstanding recognition from the nation.

Providing End to End Solutions

Electro Mechanical Wing of **IZHAR CONSTRUCTION**  
Pakistan's Largest Construction Group

## VISION

"To become a leading global brand of highest quality, providing end to end solutions for Mechanical, Electrical & Plumbing works & associated jobs with great value addition for all stakeholders"

## CORE VALUES

Honesty - Integrity - Hard Work - Knowledge Sharing - Team Work - Trust

## QUALITY POLICY

"We, at MEP SOLUTIONS (PVT) LTD, aims at promoting a quality-in-all-we-do culture with a total company effort & commitment to continuous improvement. We are totally dedicated to design, produce & supply top quality and cost-effective jobs/works that fully conform to the agreed client requirements and specifications. To accomplish this objective, the company has established and maintained a documented effective quality management system."

Ayub Sabir Izhar (Chairman)

**OUR SERVICES**

Establishing as a single quality source for providing end-to-end solutions in Mechanical, Electrical and Plumbing works, MEPS is offering its services as:

- Electrical
- Fire Fighting/Fire Suppression
- Mechanical
- Plumbing
- HVAC
- BMS
- Informatics
- EPC

## ELECTRICAL

We provide complete power solution starting from Grid till Consumer/Client facility and distribution till the end user. Our procurement, Installation and commissioning includes and not limited to transformer, feeder, MV/LV Panels, Gensets, Lighting fixtures, Switches, Sockets, Raceways, Power Cables and complete ELV System.

## FIRE FIGHTING/FIRE SUPPRESSION

MEPS engineering services include Fire Safety Services, Fire Alarm System, Fire Suppression System. We are specialized in installation and support works for all kind of fire suppression and fire detection systems. MEPS security fire protection sets itself apart from other fire protection & safety contractors through our strong relationships with vendors, understanding of customer needs, quality of work and experienced workforce. Fire Safety & suppression system is by far the most important public safety system requirement in any kind of infrastructure project.

## MECHANICAL

Mechanical services have a major supporting role in the operation of the facility. Every infrastructure facility. Every infrastructure requires a number of multiple services inclusive of Instrumentation & Control Systems, Compressed Air Systems, Steam Plants, Oil Storage & Distribution Systems, Medical Gases for Hospitals, Industrial Utilities- Steam, Gas Compressed Air, etc. which MEPs has successfully delivered since 2009.

## PLUMBING

MEPS having a rich experience in Plumbing services inclusive of installation, testing, commissioning and maintenance of piping, fixtures, plumbing appliances & plumbing appurtenance within a building, in connection with the sanitary / storm water drainage and water supply. Plumbing system is a base for every facility due to the need for clean water and sanitary collection & transport of wastes.

As per Client's requirement our services include Drainage and Sewerage Systems, Gas Distribution, Water Filtration & Purification Systems, Waste Water and Sewerage Treatment Plants, Water Supply, Building Plumbing Systems and RO Plants etc.

## HVAC

MEPS remained involved in providing engineering solutions regarding HVAC (Heating, Ventilation and Air-Conditioning) systems. These systems have become the required industry standard for construction of new buildings. Our services include supply, installation, testing & commissioning of all kinds of Air Conditioning Systems.
